

ONE TOUCH MAGNETIC BIT HOLDERS

These hex drive magnetic bit holders feature a one touch quick release function, along with a super strong magnet for superior bit retention.

To remove the bit, simply push down on the ball and the bit will be ejected. Great for quick and easy bit changes.

2 IN 1 SPINNER HANDLE

The 2 in 1 spinner handle features a 1/4" drive for use with sockets or 1/4" hex bits.

Spinner handles allow for rapid installation of longer bolts or nuts by simply attaching a socket and spinning the handle like you would a screwdriver.
